Your Next Read Mad Lib

Once upon a time, _____ headed to their local library looking
Person's name(s) in the title

for their next great read. But how to choose with so many books and so little time?!

“ _____ ?” they asked the librarian.
Title is a question

“Ah, I have just what you need! _____ !”
Title starts with “The”

But that didn't sound quite right, so our determined library patron made their way to the section filled with books on

_____ where they were stopped in their tracks by
Color in the title

_____. And that was when they knew, without a doubt,
Number in the title

their next read needed to be _____ . They checked it out,
Adjective in the title

carried it home clutched tightly to their chest, and read happily ever after!
